In response to the final Office Action mailed December 17, 2002, please amend the application as follows:

In the Claims

Please substitute the claim set in the appendix entitled Clean Version of Pending Claims for the previously pending claim set. The substitute claim set cancels claims 1-29 and adds claims 30-56. The following marked up set of claims details specific amendments to the individual claims.

30. (New) A mounting socket, comprising:  
a body having first and second sides, and having a plurality of vias extending from a first side to a second side;  
a plurality of conductive terminals within the vias, each terminal including  
a spring extending through one of the vias and adapted to exert a return force when compressed,  
a conductive polymer in contact with the spring and with the one via.

31. (New) The mounting socket of claim 30 where the spring is a coil.
